EAN CODE

USB power meter measures 4..9V and 0..3.3A. 4 digit display

Measurable voltage 4-9 volts, 0-3 amps, measurement tolerance 1%. Measures the current consumption of connected USB devices.

Size (L x W x H): 68mm x 23mm x 12mm (26.5" x 9" x 4.7")

Measuring range: 4-9V

Current: 0-3.3A

Input voltage: 3.5-9V

Battery capacity: 0-99999mAh

Working time: 0-99H

Operating hours and power memory function after power off

Part number: USB

Accuracy: plus or minus 1%.

Scope of delivery: Ammeter USB Detector Tester
