## Datasheet (GL-мт3000)

## Meet Beryl AX

## Pocket-sized Wi-Fi 6 Home \& Travel Router

Beryl AX (GL-MT3000) is an AX3000 pocket-sized travel router that uses the Wi-Fi 6 protocol. It offers an internet speed of $574 \mathrm{Mbps}(2.4 \mathrm{GHz})$ and $2402 \mathrm{Mbps}(5 \mathrm{GHz})$, with a combined maximum Wi-Fi speed of 3000 Mbps . It is also capable of running OpenVPN at 150 Mbps and WireGuard at 300 Mbps . Its powerful internet speed is able to support large households with heavy Wi-Fi usage, and is also compactly designed to be pocket-sized for convenient travel use.

Beryl AX (GL-MT3000) is an upgraded version of Beryl (MT1300), it has more than double the total Wi-Fi speed while retaining the same exterior size.

## Highlights

## AX3000 Wi-Fi 6 Technologies

Beryl AX (GL-MT3000) uses the Wi-Fi 6 protocol featuring technologies including Beamforming for enhanced coverage, OFDMA for data transmission efficiency, and BSS Coloring for minimal network congestion.

## Host VPN server \& Run VPN client

Beryl AX can reach a vpn speed of up to 150 Mbps using OpenVPN and 300 Mbps using WireGuard. It is capable of hosting VPN server and VPN client at the same time, and automatically forwarding data from its VPN server to the VPN client within the same device.

WireGuard

OpenVPN

Max. 150Mbps

## Pocket-sized

Beryl AX compacts a Wi-Fi 6 enabled chipset into a $118 \times 85 \times 30 \mathrm{~mm}$ exterior. It is equipped with retractable antennas for convenient deployment and storage. When the antennas are in its upright position, the antennas uncovers patterned enclosure holes for heat dissipation on the side of the router, improving its cooling capabilities.

## Openwrt v21.02

Beryl AX runs on open-source OpenWrt 21.02 firmware, supporting more than 5000 ready-made plug-ins for customization. Simply browse, install, and manage packages with our no-code interface within Beryl AX's Admin Panel.

## An Engineering Masterpiece

Beryl AX comes with a 2.5 G Multi-gigabit WAN port and a 1 G gigabit LAN port, it is capable of processing network and VPN packets efficiently using its MediaTek MT7981B 1.3 GHz Dual-core processor. The router also comes with a Type-C power supply and a USB 3.0 port for external storage.

## Specifications

## HARDWARE

| CPU | MT7981B 1.3GHz Dual-core Processor |
| :---: | :---: |
| Memory / Storage | DDR4 512MB / NAND Flash 256MB |
| Wi-Fi | 802.11 b/g/n/ax, 574Mbps (2.4GHz) $802.11 \mathrm{a} / \mathrm{g} / \mathrm{n} / \mathrm{ac} / \mathrm{ax}, 2402 \mathrm{Mbps}(5 \mathrm{GHz})$ |
| Internal Antennas | $1 \times$ Antenna |
| External Antennas | $2 \times$ Antennas |
| Ethernet Speed | 10/100/1000/2500 Mbps |
| Power Consumption | <8W |
| Dimension / Weight | $106 \times 83 \times 33 \mathrm{~mm}(\mathrm{~L} * \mathrm{~W} * \mathrm{H}) / 196 \mathrm{~g}$ |

## SOFTWARE FEATURES

## Operating System

OpenWrt v21.02

## Network mode

Ethernet Dialing Mode

Repeater Mode

Routing, AP, Wireless Bridge, Wired Bridge

DHCP, Static, PPPoE

Scans and connects to SSID
Connects to hidden SSID

Switching on and off wireless AP
Modifying and hiding SSID
Modifying encryption mode and password
Channel modification
Bandwidth modification
Modifying transmission power
Guest SSID

## Display Flow Statistics

(Cloud Platform Required)

Display product model, name, IP addreess, MAC address
Current rate
Flow statistics
QoS settings

Show current connected clients Disable a client (no internet access)

Port forwarding, open port, DMZ

OpenVPN client \& server
WireGuard client \& server
Maximum OpenVPN Speed: 150Mbps Maximum WireGuard Speed: 300Mbps

Policy routing

Restart
Restore factory settings
Change IP address range on LAN side
Change time zone
MAC address clone
Encrypted DNS
DDNS
Cloud remote management
Remote web management
Remote SSH management
Installing / uninstalling packages
Drop-in Gateway mode
Multi-WAN

## INTERFACE

## Ethernet Port

## $1 \times 2.5 \mathrm{G}$ WAN, $1 \times 1 \mathrm{G}$ LAN

USB Port

## USB3.0 Type-A

## LED Indicator

1 x dual color LED indicator for Power and Internet

## Reset Button

Press (>3s, <8s) restores network settings to device initial state Long press (>=8s) restores factory settings

## Power Port

USB Type-C interface, 5V/3A power supply

## CERTIFICATION

| - CE | - FCC |
| :--- | :--- |
| - MIC | - RoHs |
| - WEEE | - IC |
| - UKCA |  |

## ENVIRONMENT

Operating Temperature

## Storage Temperature

## Operating Humidity

Storage Humidity
$0 \sim 40^{\circ} \mathrm{C}\left(32 \sim 104^{\circ} \mathrm{F}\right)$
$-20 \sim 70^{\circ} \mathrm{C}\left(-4 \sim 158^{\circ} \mathrm{F}\right)$

5\%~95\%, non-condensing

5\%~95\%, non-condensing

PACKAGE LIST
1 x Beryl AX (GL-MT3000) Router
$1 \times$ Power Adapter
$1 \times$ Ethernet Cable
$1 \times$ Warranty Card
$1 \times$ User Manual
