Discover the flexible and powerful lighting solution with the **5W RGB+CCT LED Underground Light**. This innovative underground light is ideal for the stylish and functional illumination of gardens, pathways and outdoor areas.

The **5W RGB+CCT LED Underground Light** offers outstanding light quality and versatility. With an output of 5W and an input voltage of DC24V, this underground light delivers an impressive brightness of 350 lumens. The variable colour temperature from 2700K to 6500K allows you to adjust the lighting to your needs and enjoy both warm and cool white tones. Thanks to the RGB+CCT function, you can also select a variety of colours to create the perfect atmosphere.

This luminaire is characterised by a high luminous efficacy of 70LM/W and a colour rendering index (CRI) of over 80, which ensures a natural and vivid colour representation. With a service life of up to 50,000 hours, it is particularly durable and low-maintenance. The beam angle of 30° ensures targeted and even light distribution.

The robust construction and IP68 protection rating make the **5W RGB+CCT LED Underground Light** particularly resistant to water and dust, making it ideal for outdoor use. With a compact size of **100*89*74mm**, the light can be easily integrated into various landscape designs.

This underground light consumes only 5 kWh per 1000 hours, making it an energy-efficient choice. The high-quality finish and advanced technology ensure that this light is not only functional but also environmentally friendly.

Transform your outdoor space with the **5W RGB+CCT LED Underground Light** and enjoy the many possibilities offered by this advanced lighting solution. Order now and create an atmospheric and safe environment in your garden or on your property. This underground light combines functionality and design and offers you the perfect

lighting for every occasion.
