Group Control, Easier Operation

Group control countless controllers by remote and smartphone(app), control each zone separately

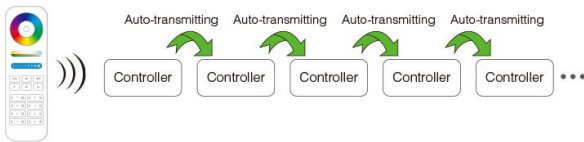

Auto-Sync function on same dynamic mode

Different controllers can work synchronously when they are started at different times, controlled by the same remote, under same dynamic mode and with same speed.

Signal Auto-transmitting make the control distance limitless

One controller can send the commands from the remote control to another, which makes the control distance limitless.
(The signal-receiving distance between controllers cannot be over 30m)

COMPATIBLE REMOTE SHEET

Product	Compatible Remote
