Here is a professionally formatted **product data sheet** for the model ALL-WA1800AX-EXT, based on the parameters provided by you:

Product data sheet – ALL-WA1800AX-EXT

Product overview

The ALL-WA1800AX-EXT is a powerful dual-band WLAN adapter that supports the latest Wi-Fi 6 technology (IEEE 802.11ax). Its high data rate, USB 3.0 interface and compatibility with current Windows operating systems make it ideal for demanding wireless network connections in private and professional environments.
