

ALLNET Brick'R'knowledge I2C external sensor adapter

>>> [Go to the shop article](#)

EAN CODE

Brick to integrate external I2C sensors and actuators in circuits including Arduino / Banana bricks as in our coding set. The brick has a precise, stable voltage of 5V and 3,3V for the sensors. The internal voltage sources can be used with a total of 100mA to provide the sensors. The brick's supply voltage is 9V.
