The RM-CR-D3 is designed to allow your Cradlepoint R1900 to be placed on a DIN-rail. With this DIN-mount by Rackmount.IT, you can place this non-DIN mountable device in your OT DIN cabinet. This mount can also hold the optional RX30 series. Bolts for both options are included. Simple, Efficient & Affordable.

KEY FEATURES

- 2 mm sheet metal
- Sturdy DIN clip
- Bolts for single and dual devices
- Limited lifetime warranty
