

Synergy 21 LED table lamp SOLAR/rechargeable battery, outdoor IP54, touch switch dimmable, transparent-black

kwh/1000h:	3,30
Lumens:	270
Watt:	3,3
Nominal Service Life:	25000 Std.
Switching Cycles:	50000
Opt. Ambient Temperature.:	25 °C

This LED table lamp in **transparent/black** combines stylish design with practical functionality and is the perfect lighting solution for your home. Made of **aluminium, PC and ABC**, the lamp offers a robust and durable construction that creates a pleasant atmosphere both indoors and outdoors. Thanks to the **stepless dimming function**, you can adjust the brightness to your liking simply by **touching the top of the lampshade using Touch Control**.

The lamp has a **wattage of 3.3W** and emits a warm light with a **colour temperature of 3000K warm white**, which is ideal for cosy evenings. With **IP54 certification**, the lamp is weatherproof and therefore perfect for outdoor use. The **battery with 2*1800mAh** enables an **operating time of approx. 6-7 hours** on a full charge, so you can benefit from the lighting for a long time.

The **charging time is approx. 6-7 hours** and is carried out via a **USB-C charging cable**. A **red charging indicator light** on the underside of the lampshade indicates that the battery is charging and changes to **green** as soon as the charging process is complete.

This LED table lamp offers a perfect combination of modern design and ease of use.

Product parameters:

Colour: transparent / black
Material: aluminium+PC+ABC
