

ALLNET Touch Display Tablet 14 inch mounting frame

>>> [Go to the shop article](#)

EAN CODE

flush mount / mounting frame for 14" inch tablet (142997)

only the frame, without tablet!

Please keep in mind that the speakers and microphones are located on the back of the tablet and thus the quality and volume of the sound options will be limited once the tablet is installed in a wall.

The tablet is screwed to the frame via the vesa mount and then mounted with it in a drywall or wooden wall. Walls are of course also possible, but is only conditionally recommended due to possible heat accumulation.

Attention, the individual mounting frames are not compatible with our aluminum panels. Panels must be built for this yourself and are also not available individually from us.
